Answer Y or N to questions.

(You are the yellow invader)

Your move is indicated by the yellow invader being present in bottom right box.

At your move select where you wish to place your invader by placing the red grid (which always starts from plane 1, row 1, column 1) in the correct position.

Grid moved thus.

Key move 1 place left (column)

Key move 1 place right (column)

Key move 1 place in (row)

Key move 1 place out (row)

Shift+ key move 1 place up (plane)

Shift+ key move 1 place down (plane)

Once happy press Y to accept move.

You may press N to quit.

A winning line is displayed until any key (except break is hit).

To restart game if 'Break'ed.
